NEWS RELEASE

FOR IMMEDIATE RELEASE

**MARSHALL COMMUNICATIONS CORPORATION FEATURES
FULL MOTION VIDEO FOR THE WARFIGHTER AT THE
2009 DISA CUSTOMER PARTNERSHIP CONFERENCE AND
PRESENTATION AT THE NATIONAL ASSOCIATION OF BROADCASTERS**

ASHBURN, VA. – April 2009 – Marshall Communications Corporation (MARSHALL), the leading provider of Digital Video Broadcast, Return Channel via Satellite (DVB-RCS/S2) services for the U.S. Department of Defense (DOD), will be, once again, highlighting “Full Motion Video to the Warfighter” at the upcoming DISA Customer Partnership Conference slated to take place April 20-22 at the Anaheim Convention Center in Anaheim, CA. This year’s DISA Conference supports the theme “1 FORCE. 1 FOCUS. CONNECTED.” Due to an overwhelming success, and to make connection to the conference theme, MARSHALL has decided to feature the same theme used for the 2008 MILCOM Conference, in San Diego, CA and will be exhibiting in booth number 454. MARSHALL’s booth will have actual Subscriber Suites on display for viewing; and will be featuring “Full Motion Video for DVB and Wi-Max Technologies.”

In addition to MARSHALL’s participation in the DISA conference, Mr. Veloris (Sonny) Marshall III, President & CEO, will be speaking at the National Association of Broadcasters (NAB) Conference, scheduled to take place in the Las Vegas, NV. Mr. Marshall will be presenting on a panel session on Thursday, April 23rd, entitled “Mobile Warfighting – Challenges and Needs -- Standards Based Technology for the Warfighter.” Mr. Marshall’s presentation will be focused on the use of standards-based technology in today’s battlespace and the valuable role they play in the deployment of critical communications links and networks that provide high speed netcentric data and full motion video to the mobile warfighter at the edge.

ABOUT MARSHALL

Headquartered in Ashburn, VA, Marshall Communications Corporation is a small disadvantaged (SDB certified), Veteran-Owned Small Business (VOSB), and was established in 1991.

MARSHALL has been providing high quality satellite communications and multimedia networking solutions including full turnkey systems engineering and integration using COTS to DOD and non-DOD Agencies for over 17 years. MARSHALL was awarded a Schedule 70 (Contract # GS-35F-0195S) by the GSA Federal Supply Service (FSS) in February 2006; and a Seaport-e (Contract # N00178-07-D-5143) in June 2007 and an Indefinite Delivery, Indefinite Quantity (IDIQ) contract by the U.S. Navy Department in September 2008. MARSHALL's team has over 100 years of satellite communications network operations, planning, and systems engineering experience - inclusive of Cisco Certified Engineers. The Company specializes in "Best of Breed" in standards-based, open architecture systems and delivering satellite-based IP network solutions that are cost effective and promote quality of service and reliability.
